

# Terms of Use

Project Management Platform

Last Updated: June 2026

## 1. Acceptance of Terms

---

By registering an account, authenticating via OAuth, and accessing the platform, you agree to abide by these Terms of Use. If you do not agree, you may not use the platform.

## 2. Account Responsibilities & Roles

---

Your access level and permissions are determined strictly by your assigned Role (**Admin, Member, or Viewer**).

- **Admins:** Have full control over the project. Admins can create, rename, and delete projects. They can add members to a project, change their roles, or delete them from the project. Admins can also create, update, and delete issues.
- **Members:** Can create new issues and update existing ones to collaborate with the team. Members **cannot** delete issues or manage project settings.
- **Viewers:** Have read-only access. Viewers can view the dashboard, insights, and all project/issue data, but cannot create, update, or delete any content.

## 3. Acceptable Use and Platform Activities

---

Our platform allows you to participate in projects by creating/updating issues, updating your personal profile data (including uploading an Avatar), and viewing dashboard insights. You agree NOT to:

- Upload profile avatars or pictures that contain malware, viruses, or malicious code.
- Upload profile imagery that is inappropriate, offensive, or violates the intellectual property rights of others.
- Post text content in issues or projects that is unlawful or defamatory.
- Misuse the API by generating excessive requests or attempting to bypass security protocols using your API Keys.

## 4. Data Ownership & Intellectual Property

---

You retain ownership of all intellectual property rights in the content you submit (Issues, Projects, Profile Uploads). By submitting content, you grant us a worldwide, royalty-free license to host, store, and display that content specifically for the purpose of operating the service and making it available to your authorized project members.

## 5. Termination

---

We reserve the right to suspend or delete your account at our sole discretion, without notice, for conduct that we believe violates these Terms of Use or is harmful to other users of the platform, us, or third parties.

## 6. Limitation of Liability

---

The platform is provided "AS IS". We do not warrant that the service will be uninterrupted or error-free. In no event shall we be liable for any indirect, incidental, or consequential damages resulting from the use or inability to use the service, including data loss related to deleted projects or issues.
